EVENT PROGRAM

KEYNOTE SPEAKER

Harvey "Smokey" Daniels received all of his degrees--B.A., M.A. and Ph.D.--from Northwestern University, which finally urged him to leave campus and get a real job.

He began teaching at Westinghouse Vocational High School on Chicago's West Side, later moving to Lake Forest High School. Smokey is currently on leave from National-Louis University in Chicago to work with schools and teachers around the country on literacy-centered school improvement projects. In these efforts, he serves as a guest teacher in classrooms, leads seminars and workshops for teachers, and consults with school leaders on long-term change efforts.

Smokey has authored or coauthored thirteen books on language, literacy, and education. Among these are *Literature Circles: Voice and Choice in Book Clubs and Reading Groups* and *Teaching the Best Practice Way*. Smokey has been struck by the range of the "book club boom" that his book helped initiate. "Not only have literature circles spread through U.S. schools," he notes, "they have taken root in schools around the world, including Japan, where there is no

cultural precedent of adult reading groups to build on. In fact, some Japanese parents are now learning about book clubs from their school age kids and starting reading groups of their own. That's pretty amazing."

After living in Chicago for many years, Smokey and his wife, Elaine, moved to New Mexico where they enjoy seeing the sky again, walking the desert at dawn, and hoarding green chili peppers for the winter.

LUNCHEON SPEAKER

Marcy Heller was born in Washington, D.C. and grew up in Maryland and in California. As a child, she always wanted to become a writer. Her mother was a school librarian and brought home stacks and stacks of books for her to read. Her career has been in publishing from the age of twenty-two. She was a scholarly book designer at the University of North Carolina Press and Assistant Production and Design Manager at Stanford University Press. She learned pop-up book design and production and now focuses on designing children's books. Somewhere along the way, she returned to her original love of writing and began to write children's books. She has published *Just You and Me, Grandpa* with Reader's Digest Books for Children in 1994, *Loco Dog and the Dust Devil in the Railyard* in 2008, and now in 2010, *Paloma and the Dust Devil at the Balloon Fiesta*. Heller has lived in Santa Fe for twenty-four years with her husband and is the mother of two children. The landscapes and stories of New Mexico have captivated her for all of these years and continue to do so.

Nancy Poes grew up in rural New Jersey and has lived in the Bay Area, Germany, Portugal, Atlanta, Honolulu and, now, Santa Fe. She a degree in history from the University of California at Berkeley and did graduate work in Illustration at the Georgia State University School of Art and Design. In 1986, She moved with her two daughters to Honolulu where She lived for twenty years, becoming a well-known landscape and figurative painter. Hawaii offered infinite opportunities for plein-aire painting where she taught this discipline at the Honolulu Academy of Arts. Poes is represented in Honolulu by the Fine Art Associates, an art consultant firm, and by Nohea Gallery. She came to Santa Fe to paint in the extraordinary landscape and atmosphere of northern New Mexico. But more than that, she is looking for a much broader audience for her work, both representational and the deeper, more meaningful work in figurative abstractions. Poes is a prodigious painter and has investigated and worked in most media. She adores painting and the creative process and spends most hours of the day at work in her studio.

Powerpoint presentation about their first book together, *Loco Dog and the Dust Devil in the Railyard*. This book won a first in the Children's Book Category in the 2008 New Mexico Book Show. Presentation shows the Heller's storyboard created and Poes' beautiful art in juxtaposition. Heller's humorous storyboard consists of stick figures and Poes' art is full-blown gorgeous gouache paintings.

Heller and Poes will discuss their second book, *Paloma and the Dust Devil at the Balloon Fiesta*. This book recently won a design prize in the Children's Book Category in the new New Mexico Book Association Book Show and the 2010 New Mexico Book Show.
